Dear Little ones and Readers,

Education is a continuous learning process. A man can learn from womb to tomb in any situation. He/She learns many things from surroundings in his/her daily life. It brings positive desirable behavioural changes in their life. Man is a learner from his childhood. It brings out the hidden potentialities and develops the inner skills. A person's personality and complete development is possible through a sound educational environment. Education is a wider term which includes all the experiences of man. It enables him/her to think rationally and make appropriate decisions in their lives. It is only through education that a man is able to live happily and peacefully thereby leading a fruitful life. It is through education that man can abide by the rules set by the society and think rationally about the same, present his own logical views and arguments. Education helps man to think beyond the boundaries and restrictions, to create his own imaginary world and bring it to reality. In the National Policy of Education(NPE) 1986 it has been pointed out that "Education has continued to evolve diversity and extend its coverage since the dawn of history. Every country develops its system of education to express and promote its unique socio-cultural identity and also meet the challenges of time". It is only through education that an empty vessel like a child be filled with water in the form of knowledge. Apart from bookish knowledge, children are able to use their skills and talents and thus, overall development is attained. After all the students should not be bench-bound listeners but should take part in the formulation and should play an active role in it. Thus Benjamin Franklin has rightly said, Tell me again I forget, teach me and I remember, involve me and I learn.

Regards and Thanks Stay home and stay safe.

POEMS

Indian Flag

I salute my flag
It makes me proud
I am an Indian,
I say out loud
Three bright colours
Saffron, White & Green
I adorn my flag
It makes me glad.
The Ashoka Chakra
Blue on White,
Shines for progress
Flying so high.
- Dumas G. Patel (6th C)

My Dad

My dad is a super hero,
He doesn't get angry if I get zero.
He is very brave and strong,
He is very smart and cool,
No one can make him fool.
He sometimes cooks, He also likes to
read books.
He is very generous and kind.
He has a sharp mind. He loves me a lot,
And I love him too...
- Jeel G. Shah (7th D)

Thank You... Teacher

Thank you teacher for helping us,
Thank you for caring for us.
You teach us discipline,
You make us good human being.
You solve our doubts like our mother,
You make the surrounding like nature,
Being a teacher you share your ideas.
Teacher, you give students the place in your heart,
And make our career bright.
Your smile is no lesser than seven wonders of the world,
You are the best in the Universe.
Our dream starts from the school,
These are the golden days for children,
Here children play, sing and learn,
And teacher's blessings are golden!
- Zarir Mansuri (8th E)

STORY

The Young Crab & His Mother

– Megha Yadav 8th B

One day, a young crab and his mother were on the beach, spending some time together. The young crab got up to move, but it can only walk sideways. His mother scolds him for walking sideways and asks him to walk forward by pointing his toes out front. The young crab responds, "I would like to walk forward mom, but I do not know how to."

Hearing this, his mom gets up to show him how, but even she is unable to bend her knees forward. She realizes that she was being unfair, apologises sheepishly, and sits back in the sand.

Moral : Don't condemn someone for not doing something that you yourself are unable to do.

One day, a rich dad took his son on a trip to a village. He wanted to show him how poor someone can be. They spent time on a farm of a poor family.

On their return from the trip, the father asked his son,

"How are you?"

"It was great, Dad."

"Did you see how poor people live?" the father asked.

"Oh yes", said the son.

"So tell me. What did you learn from the trip?" asked the father.

The son answered:

We have one dog, they have four;

We have a pool, they have a river;

We have tube-lights at night, they have stars;

We buy food, they grow theirs;

We have walls to protect us, they have friends;

We have televisions, they spend time with family and relatives.

The boy's father was speechless then the son added: "Thanks dad, for showing me how poor we are."

Moral : It is not about money that makes us rich, its simplicity, love, compassion, friendship, values, family that makes us rich.

Dad and Son

– Deep Rawal

FUN CORNER

Aditya: I have really good eye sight even in the dark, I can see things that are far away.

Rohit: What things?

Aditya: The moon and stars!

Nitin: In which PAN we cannot fry an egg?

Raghav: Which?

Nitin: JAPAN

Teacher: Which letter is silent in the word 'Island'?

Kriti: All letters.

Teacher: How?

Kriti: Because letters can't speak

Teacher: What will you remove from seven to make it even?

Raj: Just one alphabet the letter "S".

Doctor: You have to take this medicine once a day.

Patient: Okay, But how many times should I take it at night?

मुसीबत का सीरप हो तुम,
आफत का इन्फ़ेक्शन हो तुम,
टेंशन की कैप्सुल हो तुम,
पर क्या करे..... झेलना पड़ता है तुम्हें,
क्युंकी दोस्ती का ऑक्सिजन हो तुम।

QUIZ – Rajput Nitya (6th A)

एसी कौनसी चीज है जो आने पर लोग कहते है थूक दो?

एसी कौनसी चीज़ है जो काटते है तो आँख मे लगता है?

एसी कौनसी चीज है जो हरा है पर पत्ता नहीं, नकलची है पर बंदर नहीं?

एसी कौनसी चीज़ है जो एक बार खा कर दुबारा नहीं खाना चाहेंगे?

एसी कौनसी चीज है जो खाने के काम भी आती है?

एसा क्या है जो हम देख सकते है लेकिन छु नहीं सकते?

कौनसा फल मीठा होने के बावजूद बिकता नहीं है?

लोग मुझे खाने के लिए खरीदते है पर खाते नहीं, बताओ मै कौन हु?

Interview on Social Media Affects

1. How does social media affect human?

Ans. From my point of view social media is hardly affecting human lives as many harmful diseases are caused like: ED (Erectile dysfunction), sleeping disorder, changes of eyes angle.

2. Does social media help us connecting with one another? Or it rather detaches us from the real world?

Ans. Social Media is a powerful weapon to express our thoughts through various social Media like Facebook, Instagram, etc. We can always be connected with our past & lost friends. This makes a sense of connection with them.

3. What are your views about Social media?

Ans. I think that social media should not be given to students because it diverts the mind of students. So, they are unable to concentrate on studies.

4. Does it make people/students more creative? Or does it distract them?

Ans. It makes the students more creative and aware of many things. We can learn many things from social media like other languages, beat boxing and make many creative things by seeing various useful videos.

5. Are the connections or relations made on social media worthy or illusionary/

Ans. They are illusionary as the friends made on social media are not real. As they can never take the place of our real friends. We should not trust anybody else on social media.

6. What are the psychological effects of social media in modern world?

Ans. It usually affects children and sometimes adults also. They get easily distracted and addicted. It leads to problems regarding health and mental health.

Message from the School Head Boy

Parents are the guide or a coach of their children. You should teach your students to think not to score good marks. If your child will be able to think, create and innovate, he will not need to score well. In any competitive exams they will not see your grades, they will see your knowledge. Don't pressure your child to get good marks, force them to acquire good knowledge. If they will have knowledge they will not clear only school exams but also they will clear exam of their life. Don't stop the children to select their and decide the future as they want.

मातृप्रेम

एक बार बच्चा बारिश में भीगता हुआ पाठशाला से अपने घर आ रहा था। उसके पिताजी ने कहा की "थोड़ी देर रुक नहीं सकते थे? पूरी किताबें गीली कर दी।" तब माँ ने रसोईघर में से कहा लकी "बारिश थोड़ी देर रुक नहीं सकती थी? जो मेरे फूल से बच्चे को गीला कर दिया।"

इससे यह बात पता चलती है की माँ का प्यार कितना निराला, न्यारा होता है। बच्चा जब घर आता है तो पहले उसकी जुबान पर माँ का नाम ही होता है। जब हम रोते हैं तो माँ रोती है, जब हम परेशान होते हैं तो माँ परेशान होती है और जब हम हँसते हैं तब वो हँसती है। माँ अपनी औलाद के लिए पूरी दुनिया से लड़ जाती है। जब हमें चोट लगती है तो दर्द उसे होता है। यही है माँ का प्यार।

माँ हमेशा यही प्रार्थना करती है की उसके बच्चे को भगवान हमेशा मुसीबतों से दूर रखे और बच्चे की परेशानी भगवान उसे दे दे, उसके बच्चे को नहीं। माँ अपने बच्चों के बिना अधूरी हो जाती है और बच्चे अपने माँ के बिना अधूरे हो जाते हैं।

यह बात बिलकुल सच्ची है की माँ के पैरों में जन्नत है। माँ के लिए कितना भी कहे कम पड़ जाता है। वह अपने बच्चों की सारी जरूरतों का खयाल रखती है और साथ में पूरे परिवार का भी। वह दिनभर काम में उलझी रहती है, फिर भी उसके बच्चों का पूरा खयाल रखती है।

माँ खुद तकलीफ झेलती है पर कभी हमें तकलीफ नहीं झेलने देती। जब भूख लगती है तो माँ खाना बनती है, जब नींद नहीं आती तो कहानी सुनती है और जब चोट लगती है तो मलहम भी वही लगती है।

मुझे मेरी माँ बहुत प्यारी है.....!!

How do the argument of Parents affect their children?

In most of the cases, the children learn from their parents and family. But in some cases, the parents have arguments with each other and families have problem. These arguments and problems adversely affect children. A child gets affected by this disturbed atmosphere in their house.

We all have heard that a child will learn from what they see. These problems have negative impact on their nature. A child feels that why it happens with my family only and thinks deep about this topic. He/She is not able to concentrate on their studies. Besides this, they also feel very humiliated. Such a family atmosphere changes their nature and mood.

If parents resolve these arguments and family problems then this will give a positive impact in front of a child because it gives a lesson to forgive and be united as a good family. So it is much better not to argue in front of children.

What Happens When Parents Fight Infront of Kids?
